Let's don't worry better thik
You got a let it roll out
Make your every second count
That's what a life all about
Million of people arround the world
But be the one to make proud
Work a hard out and learn to understand
Feaver need just a ground neno duubt
Trust yourself and nobody start pin you
Now use that pin inside your head

And crooze through the free where your life some how
Aankha chimli aafu bhitra abalokan gari hera
Maile bhanne yati nai ho baki aafai bujha

Na roka sareka ti paila haru lai
Na lukau dekhaka ti sapana haru lai
Pune chau awasya ek din tyo thauma
Chumne chau timi safalta lai

My crazy thoughts
Shout fight them all
Out brek the wall
To wish them all
Cuz my heart breska
When see them who quit life
Before get again
I pray the god please heal them
I fight my own
So can help them
My lords knows what my life phase of my crises
Were fake out
When the fly high
In a time less
Malai thaha cha garna gahro cha
Maile madat mage malai saath cha
Tar eklai garchu malai aat cha
How fight backsee the lie
To fel life
Malai bujhnu cha
Maile sike je sikaunu cha
I won't give up
But i will take love so can give love
